

2008 Chapel Grove Pool Swim Test Guidelines

Children between the ages of 10 and 12 may be eligible to be admitted to the pool unaccompanied by an adult. This eligibility is based upon passage of a swim test administered by the pool management company. Children passing the swim test will have a special sticker added to their pool pass. Parents requesting this eligibility for their children must make arrangements with the pool lifeguards to schedule such tests. It is highly recommended that these tests be scheduled during adult swim breaks so as to not interfere with the lifeguard's normal pool responsibilities. A parent **must** accompany his/her child to the pool for the scheduled test, complete and sign the 2008 Chapel Grove Swim Test Request Form, and remain present during the test. The signed request form will be maintained in pool records.

Parents requesting this privilege are encouraged to review all pool rules with their children and understand that the lifeguards have the right to revoke this privilege, at any time, if the child does not obey pool rules.

Thanks in advance for your cooperation.
